Skyline 3.0

Un nuovo modo di rapportarsi con le emozioni, i sentimenti e modi di vivere di ciascuno di noi. Questo è Skyline 3.0. Non si tratta semplicemente di un sistema giorno, ma di un modo di rappresentare se stessi in tutte le varie e personali sfaccettature del proprio carattere, del proprio stato d'animo, come se si trattasse di una fotografia, anzi, di un "selfie".
Le storie che Skyline 3.0 racconta sono tutte una diversa dall'altra come le nostre esperienze di vita: quale più ti rappresenta?

A new way of relating to the emotions, feelings and ways of life of each of us. This is Skyline 3.0. It is not simply a day system, but a way of representing oneself in all the various and personal facets of one's character, of one's state of mind, as if it were a photograph, indeed, a "selfie".
The stories that Skyline 3.0 tells are all different from one another like our life experiences: which one represents you the most?
